Advocis® Greater Vancouver

Technical Requirements and Important Information for Online Attendees

Minimum equipment requirements include a computer with speakers and a high-speed internet connection.

Please make sure you have the system requirements to participate in this online presentation here: http://www.adobe.com/ca/products/adobeconnect/tech-specs.html

Please conduct a quick, 30-second connection test beforehand to ensure a trouble-free experience. Just follow this link to run the test and install any recommended add-ins: http://na3cps.adobeconnect.com/common/help/en/support/meeting_test.htm

For video instructions on how to join in via webcam & microphone please visit http://youtu.be/slgbf-4Smol

Login instructions for this webinar event will be sent to your email address registered through the website. If you have not received login instructions 24 hours prior to the event, please contact the Advocis Vancouver office.

The virtual meeting room will be set up fifteen minutes before the webinar starts so that you may ensure that all of your connections are working properly.
